产品货号: TP03195

第三版

别名: Neuronal regeneration-related protein isoform a, C5orf13, D4S114, P311, PRO1873, PTZ17, SEZ17

描述: NREP, as known as neuronal regeneration-related protein, has roles in neural function. It promotes axonal regeneration. It may also have functions in cellular differentiation. This protein induces differentiation of fibroblast into myofibroblast and increases retinoic-acid regulation of lipid-droplet biogenesis. Recombinant human NREP protein, fused to His-tag at N-terminus, was expressed in E.coli and purified by using conventional chromatography.
