

Anti-Human PTPN20 Polyclonal Antibody

Polyclonal Antibody

Cat.NO.: PA10778

3th Edition

Description:The product of this gene belongs to the family of classical tyrosine-specific protein tyrosine phosphatases. Many protein tyrosine phosphatases have been shown to regulate fundamental cellular processes. The encoded protein appears to be targeted to sites of actin polymerization. A pseudogene of this gene has been defined on chromosome 10. Alternative splicing results in multiple transcript variants.
